

Full-Stack Developer (Junior)

28 February 2019

About Me

Upcoming Business ICT undergraduate. Looking for opportunities to work on some meaningful project as a front end or a full-stack JavaScript developer.

Technical Toolbox

Strong: JavaScript (React, Redux, Node, Express, Knex) Postgre SQL

Have used: Java (Spring), AWS (S3, Elastic Beanstalk, WorkMail, Route 53), Python

Education

Haaga-Helia - Helsinki, Finland

Bachelor's in Business Information Technology

08/2015 – 01/2019

Relevant Courses:

- Multidisciplinary Software Project (React, Node JS, PostgreSQL)
- Software Development Methods
- Data Management and Databases (SQL and Database design)
- Mobile Programming (PhoneGap)
- Server Programming (Java Spring)
- Front End Development (Html, CSS, JavaScript)
- Programming (Java)
- Software Project (Angular JS, Bootstrap)
- Python programming

Hang Seng Management College – Hong Kong, China

Exchange student in Business Information Technology

08/2015 – 01/2019

Relevant Courses:

- System Analysis and Design
- SQL Lite and Database Design
- Data Analytics (SAS)
- Digital Marketing

Helsinki Business College – Helsinki, Finland

Associate Degree in Business Administration, Sales and Marketing

08/2015 – 01/2019

Was awarded with European Business Baccalaureate Diploma during graduation, for outstanding performance

Software Related Experience

MuruPuru OY – Helsinki, Finland

Owner / Freelance Web Developer

01/2017 – Present

Murupuru OY is a side project to fund my studies and hobby projects. Although most of its revenue has come from construction, it has also provided me with the opportunity to build out 2 websites that are up still today: www.murupuru.com and www.lauttasaarensiivous.fi . Both sites were hardcoded using Html, CSS, JavaScript and Java (Spring, JPA). Unfortunately, hosting a back-ends for those sites didn't justify the cost.

Other Selected Experience

Elar Saks TMI – Helsinki, Finland

Sole Proprietor

05/2015 – 07/2017

Managed Sole Proprietorship on construction. Negotiated contracts, carried out manual labour, took care of bookkeeping and rest of the administrative side.

Nord Property – Tallinn, Estonia

Real Estate Broker intern

05/2014 – 07/2014

Developed sales strategies for real estate in Estonia and Finland. Built a network of sellers and buyers, creating opportunities for potential transactions.

Estonian Defence Forces – Paldiski, Estonia

Sergeant (Infantry)

06/2011 – 05/2012

Became a Platoon Commander and Wartime Officer from a 2% selection rate. Managed a platoon of 26 soldiers through field training and on-base education. Supervised the maintenance and acquisition of equipment including trucks, weapons, and spare parts.

Volunteer Experience

European Innovation Academy – Nice, France

COO Assistant

06/2014 and 06/2015

Assisted COO in day-to-day operations during the summer school for start-ups.
